THE UNIVERSITY OF MELBOURNE

Mobility, Culture and Communication (H1) · Researching Media & Communications (H1) · Creative Economy, Policy, and Power (H1) · Global Communication: Theory & Research (H1)

Bachelor of Animation Production (WAM 78)

2018 — 2022

UNIVERSITY OF TECHNOLOGY SYDNEY

Context: 2D and 3D Animation (Distinction) · Animation Studio (Distinction) · Life Drawing (Distinction) · Introduction to Photography (Distinction)

EXPERIENCE

Creative Designer

Jul — Sep 2025

OperEase Intelligent AI · Hangzhou, China

- **Product UI Design:** Led core UI design for an AI-powered small business management platform, innovatively integrating AI tools for visual asset generation to significantly boost production efficiency and output quality.
- **Cross-functional Collaboration:** Partnered closely with engineering teams to rapidly translate UI/UX concepts into high-fidelity interfaces while driving ongoing front-end optimisation, building practical experience in cross-disciplinary collaboration and emerging technology implementation.

- **Award-winning Outcome:** Spearheaded the initial pitch design and established the product's visual identity. The product subsequently won the "Outstanding AI Project" award in Hangzhou's Yuhang District, securing government support and validating the commercial impact of the design work.
-

Pre-sale Interior Styling Designer

Mar — May 2026 · 2 months

Residential Pre-sale Styling / Show-home Staging · Australia

- **Spatial Design & Styling:** Led the overall spatial planning and soft-furnishing of pre-sale homes, curating furniture pairings, colour palettes and ambience based on floor-plan structure and target-buyer positioning to elevate visual appeal and drive sales conversion.
 - **AI-Assisted Visualisation:** Innovatively used AI tools to rapidly generate previews of the intended styling, turning design concepts into high-fidelity visuals that streamlined client communication and significantly shortened the mock-up and decision-making cycle.
 - **On-site Execution:** Coordinated the sourcing and procurement of furnishing materials while managing on-site staging progress, ensuring the final result aligned closely with the original design vision.
-

Executive Art Assistant

Freelance · 1 month

Short-form Drama Production Crew · Australia

- **Set Construction:** Supported on-location set building and scene dressing, faithfully translating the art director's visual design into physical production assets.
 - **Props & Materials Logistics:** Managed prop distribution and consumables across shooting days, ensuring efficient material turnover and on-screen continuity between scenes.
 - **Cross-department Coordination:** Liaised across production teams to align resources and sustain pace on scene transitions and tight shooting schedules.
-

Client Manager

6 months

EC Markets / Vatee Capital · Securities & Trading

- Managed client relationships and delivered tailored consulting solutions, leveraging Instagram, WeChat, and LinkedIn for targeted acquisition — averaging approximately 90 new clients per month.
 - Consistently achieved monthly deposit targets of USD \$10,000 through strategic client engagement and relationship management.
 - Co-planned a CFD trading competition, taking full ownership of event strategy, promotional collateral, and visual poster design, effectively lifting client reach and overall conversion rates.
-

Commercial Model

Freelance · 2 years

- Featured in fashion brand advertising campaigns and commercial runway shows; repeatedly engaged as an exclusive fitting and lookbook model for photography studios. Known for quickly adapting to brand aesthetics and delivering high shoot-to-publish ratios.
 - Extensive experience performing under pressure at large-scale public events, including the Melbourne Chinese New Year celebrations, collaborating seamlessly with teams to deliver flawless runway presentations.
-

Art Studio Teaching Assistant

Part-time · 1 year

Children's Art Education

- **Teaching & Client Relations:** Managed lesson preparation and daily operations; employed personalised communication strategies for children aged 4–5, rapidly building trust and managing emotional needs. Maintained close parent engagement to consistently improve satisfaction and retention.
 - **Event Coordination:** Co-planned and executed multiple "Children's Outdoor Overnight Plein Air" retreats, overseeing all logistics including accommodation bookings, catering arrangements, and on-site incident management.
-

Independent E-commerce Operator

Side Business

Betta Fish Brand (5 months) · Online Fashion Store (1 year)

- **Betta Fish Brand:** Built the brand from scratch — sourcing, breeding, product curation, brand identity design, and video content production. Achieved approximately 300 units in sales conversion within just 2 months of active selling.
 - **Fashion Store:** Operated a personal fashion brand with daily content publishing, independent styling and photography. Drove targeted traffic via WeChat, Xianyu, and Xiaohongshu, generating approximately ¥50,000 in annual revenue.
-

Lead Actress — Stage Play

UniMelb Chinese Cultural Festival

Charity Performance — As You Wish (如愿)

- Cast as the female lead in the headline stage production for the University of Melbourne Chinese Cultural Festival. Delivered a compelling performance demonstrating exceptional stage presence and emotional depth, with the production ultimately awarded "Best Show" of the charity series.
-

UniMelb Chinese Cultural Society • Communications Team

- Independently led the society's brand visual identity redesign, including the creation of a new logo.
- Produced high-quality social media promotional assets for cultural events, significantly enhancing the society's visual recognition and event impact.

Melbourne Hanfu Society

- Served as a featured model in Hanfu cultural promotion videos and photoshoots, boosting the society's public visibility and cultural influence.
- Co-organised the "Chinese Style Market" outdoor event, managing creative promotion, booth visual design, and on-site coordination to support traditional culture outreach in Australia.

SKILLS

Brand Communication & Event Strategy

- **Brand Visual Direction:** Strong design sensibility and distinctive aesthetic eye, delivering cohesive visual solutions across photography, multimedia, and animation to elevate brand expression.
- **Campaign Planning & Content Marketing:** Extensive hands-on experience in brand activations and content operations, with the ability to craft platform-specific strategies and convert audiences through strategic event planning and account management.
- **Visual-Communication Synergy:** Skilled at integrating visual storytelling with communication strategy, driving efficient collaboration between creative production and promotional cadence across large-scale projects.

Multimedia & Animation Production

- **Cross-media Animation:** Deep understanding of the visual logic across 2D, motion graphics, and 3D animation, enabling precise format selection to maximise communication impact for each project.
- **2D Animation & Public Exhibition:** Full pipeline proficiency from scriptwriting and storyboarding to character development (Harmony, Procreate). Personal 2D animation exhibited at Sydney's Spice Alley cultural festival and deployed on public visual effects displays.
- **Motion Graphics:** Proficient in After Effects for high-quality motion design and visual effects, applied to advertising, brand promotion, and data visualisation.
- **3D Modelling & Spatial Design:** Solid 3D scene modelling and rendering capabilities, creating immersive spatial environments and visual elements.

Post-production & Visual Design

- **End-to-end Visual Production:** Combined capabilities in image creation, retouching, and video production — independently delivering the complete "create → retouch → video" content pipeline.
- **Video Editing & Direction:** Proficient in Premiere Pro, DaVinci Resolve, and CapCut, specialising in documentary and vlog content with strong narrative pacing and visual packaging.

- **Illustration & Professional Retouching:** Strong fine art foundation with professional-grade retouching skills (Photoshop), establishing high-quality visual baselines and executing deep colour and detail optimisation.

AI-Augmented Creative Production

- **AI Visual Generation:** Expert-level proficiency with Nano Banana and multiple AI image tools, including advanced prompt engineering and LoRA techniques for character consistency and style stabilisation — blending personal aesthetic judgement with AI to produce visually cohesive content at scale.
- **Development & Workflow Automation:** Proficient with Claude Code, OpenClaw, and AI coding assistants for web development, front-end design, and workflow automation.
- **AI-enhanced Multimedia:** Deep integration of AI across the full video production workflow — from ideation and asset generation to editing and visual presentation — significantly boosting production efficiency and dynamic output quality.
- **Continuous Technical Growth:** Proactive learner who identifies optimisation opportunities in existing workflows and applies AI tooling for automation and efficiency gains, continuously iterating on creative processes.
